### PROJECTS

---

**PICTOREAL MAIN WEBSITE** HTML, CSS, Bootstrap.  
Worked on UI/UX designing and frontend part for the website. ([LINK](#))

**PIJET Official Website** ReactJs, Tailwind CSS. "Contributed to the development of the official website for PICT's International Journal of Engineering and Technology (PIJET) using ReactJS and Tailwind CSS. The website serves as a comprehensive platform to showcase the journal's content, publications, and important information. Explore the website to get insights into the world of engineering and technology at PICT!", ([LINK](#))

**PICTOFEST Voting & Event Management Platform** NextJS, TailwindCSS, NodeJS, ExpressJS, Postgresql.  
Led the development of PICTOFEST, an integrated platform for the PICTOREAL PICT art photography exhibition, competition, workshops, and side events. Leveraged Next.js and Tailwind CSS for frontend design, alongside Axios for seamless data fetching. Employed Node.js and Express.js for backend functionality, integrating PostgreSQL for data management and Firebase for image storage. Orchestrated features including user management, image submissions, and online/offline voting systems. Seamlessly integrated workshop and side event registration to enhance participant engagement. Delivered a comprehensive solution showcasing expertise in full-stack development, ensuring a cohesive and engaging user experience. ([LINK](#))
